## WORK EXPERIENCE

### iGrafx

Jan 2022 - Sep 2022

UX Designer | Illustrator

Worked with a team of designers across multiple development teams to create UX solutions for a front-facing platform. Also worked on smaller scale illustration and front-end development projects.

### CHESS Health

Jun 2019 - Dec 2021

UX Designer | UI Designer | Illustrator

Worked as the sole designer for several projects that involved UX design, UI design and illustration. I created designs for front and back facing users in a hospital/medical setting. Also developed tools for the front facing team for simple design solutions.

### RIT Center for Campus Life

May 2017 - May 2019

Staff Artist

Worked with clubs to create graphics they needed, such as posters and fliers for events they would host. I would design and paint large banners that would advertise said events.

### AMAX Leather

Aug 2018 - Dec 2018

Freelance Web Designer | Freelance Web Developer

I worked with AMAX Leather to design and develop their portfolio website. I communicated with their team in order to get feedback and developed a website that would be easily customizable through wordpress.

### Compete League

Feb 2016 - Dec 2016

Freelance Web Designer

Free-lance web design work for a start up. I worked with the lead designer to help create assets for graphics they needed on their website and redesigned their old website.
